

**Current population in Kara Tepe: 1,240**  
*UNHCR estimated figures based on enrolment and field data*

## PROFILE

Kara Tepe was created on municipally-owned land in 2015, in order to accommodate the unprecedented number of refugees arriving on the shores of Lesvos.

The site is managed by the Municipality of Lesvos, with the support of UNHCR.

There are less than 15 organizations and volunteer groups operating at the moment in the site.

Only Municipality-authorized and registered entities can operate in the site.
